LEATHER SHOP, OHIO GRILL SWEEP BY FIRE

Navy Presses For Adequate Sub Defenses

Veiled Concern Seen Over Reds' Subs; Ask For More Money

WASHINGTON, March 17—(AP)—Its funds and strength clipped sharply, the Navy is pressing a top-priority program to deal with the submarine menace in any future war.

But naval strategists made plain in disclosures to Congress that they are not too happy about the state of the Navy's readiness.

They said the billion-dollar budget cut they are taking means the fleet air arm will have to fall back on second-line aircraft next year, while combat ship strength will be trimmed to 239 vessels from the present 288.

Presenting a \$4,008,700,000 spending figure for the 12 months starting next July 1, Adm. Forrest P. Sherman of Naval Operations said the Navy is following the old maxim of doing the best it can with what it has. Of all the thinned-down programs, he said, submarine defenses "come first."

Throughout the Navy's appropriation requests ran evidence of veiled concern over Russia's reported concentration on her submarine fleet—especially her adaptation of the elusive Snorkel-type submarines. These subs, perfected by the Germans, can remain submerged for long periods by using a chimney-like "breathing" device.

The Navy is earmarking more than \$190,000,000 in 1951 for research and development. Most of it, it was indicated, will go for gadgets to track and kill "Snorkels," which are now able to evade conventional search methods.

But Sherman made clear he did not consider the money adequate for the job of meeting a World War III submarine menace.

He told the House appropriations committee: "I would be less than candid if I did not indicate to you that a reduction of 30 patrol-plane squadrons to 20, and from 170 destroyers to 140, decreases the means available to the Chief of Naval Operations to meet his responsibilities for the naval defense of the country."

"In other words, while I support this as being the best program available to us, it is far from providing the Navy completely adequate means for combating a submarine threat."

It is in its air forces that the Navy faces its most drastic cut-backs.

Although President Truman upped the naval air appropriations to \$528,718,000 from \$497,523,000 recommended by Secretary of Defense Johnson, the Navy says it must:

1. Eliminate 6,000 enlisted aviation billets and remove 1,273 naval aviators from flying duty.
2. Reduce flight training by 600 students a year.
3. Close five air stations and reduce five more to a partial maintenance status and shut down four more major overhaul and repair establishments.

FDR's Papers Mirror Of History

HYDE PARK, N. Y., March 17—(AP)—President Franklin D. Roosevelt kept a copy of almost every letter he wrote, and almost every letter he received after he began his political climb.

Today more than 5,000,000 of these letters became public property—a mirror to one of the vital eras of world history.

Brief ceremonies marked the event at the Franklin D. Roosevelt Library here. It took two and a half years to index the papers. There are letters to kings and to high and low-born men whose names are marked forever in history. And there are humble letters, the voice of the average American as he took pen in hand and wrote to the White House during Mr. Roosevelt's 12 years in office.

U.S. On Defense Too Long, Claim

Stassen Cites Losses In Cold War

CLEVELAND, March 17—(AP)—Ex-presidential nominee Harold E. Stassen feels America has lost ground in the "cold war" and blames the State Department for it.

He charged the Department with "crawling into a mental dugout" when it came to telling the rest of the world about the American way of life.

The former Minnesota governor, who lost out in his 1948 bid for the Republican presidential nomination, explained he felt the Department failed "to get on the affirmative instead of permitting itself to be on the defensive about everything American."

Stassen, who now heads the University of Pennsylvania, made his remarks at a press conference before giving the key speech last night at the triennial convention of YMCA general secretaries here.

The college president said, however, that there are signs the State Department may be changing its approach.

Stassen noted a speech made in California yesterday by Secretary of State Dean Acheson as indicating the Department may be "changing its mind about a positive approach to the world situation."

"This change is late. It is very late, but, luckily, it is not too late," he remarked.

Stassen said his suggestion on ways the State Department could be affirmative in its outlook would begin with the calling of a conference of leaders to draw up a means of publicizing American ideals to "areas beyond the Iron Curtain."

Among the leaders he named for such a conference were Sen. Robert A. Taft (R-Ohio), Sen. Arthur H. Vandenberg (R-Mich), Dwight D. Eisenhower and Adm. Ministration heads.

Woman Minister And Church Founder Dies

BARBERTON, March 17—(AP)—Rev. Ellen R. Whitney, who rode sidesaddle across northeastern Ohio 50 years ago to preach the gospel, died yesterday night on her 87th birthday in nearby Marshallville. Her funeral will be held Sunday afternoon in the Evangelical United Brethren Church here—Barberton's first church and one which she founded.

Rev. Mrs. Whitney was the first woman to be ordained by the United Brethren Church of Christ and had an eastern Ohio circuit including Easton, Coventry and Western Star, all near Akron. She retired in 1931.

People In U.S. Make Policy, Acheson Says

World Watches Our Every Act, Secretary Tells West Coast

SAN FRANCISCO, March 17—(AP)—China, Russia and the American people were "on notice" today from Secretary of State Acheson of specific things to be done in relieving world tensions.

Flying back to Washington after a two-day series of west coast speeches, he left as highlights of his visit:

1. Notice to Communist China not to foment trouble outside its borders.
2. Notice to Russia there are seven great points of difference with the non-Communist world that must be reconciled if there is to be "reasonable security."
3. Notice to the American people that "foreign policy is not speeches, not acts of Congress but acts of yours."

His "notice" to the American people was the latest of the three, given in a chatty, informal talk to a meeting of northern California's World Affairs Council at the Palace Hotel in San Francisco.

"The world listens to our government but also it sees our coal strike," he said.

"It hears what we say over the radio. It reads what is written in the press. It watches the attitude of our church groups. It knows the views of our labor leaders."

Earlier at Berkeley, he outlined the seven-point differences with Russia in a major address to a conference called by the University of California to explore problems of raising economic standards around the world.

Parade By The Irish For The Irish Set

NEW YORK, March 17—(AP)—Flanagan, Hannigan, O'Toole and O'Flynn... the boys from Cork, Kerry, Dublin and Limerick, will swing up Fifth avenue today in the world's largest St. Patrick's day parade.

Murphy, Kellys, Sullivan and O'Briens... transplanted Irish from Gaelic-speaking fishing villages, from mountain cottages, from Dublin's fair city will march proudly past St. Patrick's cathedral in honor of their beloved saint.

Rafferty, Muldoons, Hogans and Morans... They and their dark-eyed colleens will get the day's festivities started when the two-and-one-half mile march gets under way at noon.

It will last at least five hours, and if the marchers were all in one line it would stretch over 15 miles—more than the length of Manhattan Island itself.

Always the world's biggest parade on the Saint's day, this year it is the "biggest ever"—expected to surpass even New York's previous efforts.

There are more Irish in New York City than in Dublin. A good share of them will be on hand.

In addition to the 100,000 marchers, about a million other persons will watch from the sidewalks and the windows towering above the street.

As always, there are two main reviewing stands.

One, on the steps of the St. Patrick's Cathedral, recognizes the religious meaning of the day honoring the man who brought Christianity to Ireland 1,500 years ago.

The other reviewing stand is at 64th street, where civil authorities take the salute. Here Irish-born Mayor O'Dwyer and New York state's lieutenant governor, Joe R. Hanley, will stand.

Greater Response By Voters Urged At GOP Women's Dinner

"Vote and get the members of your family and your neighbors to vote!" This was the keynote of a forceful talk given by Mrs. Florence G. Morris of Toledo, at an enthusiastic dinner meeting of Republican women of Columbiana County Thursday evening in the Memorial building.

This successful event was sponsored by the Salem Republican Women's Club and arranged by Mrs. Lozier Caplan, president; Miss Elma Auld, secretary; Mrs. J. W. Astry and Mrs. T. Emerson Smith.

Approximately 60 of the 212 women in attendance were from nearby towns—East Liverpool, East Palestine, Salineville, Lisbon, Columbiana, New Waterford and Wellsville.

Vice president of the Republican and state central and executive committee, this was Mrs. Morris' first visit to this County. This was also the first time the Republican women had entertained an official holding this office.

An organization meeting, Mrs. Caplan, who officiated at the dinner, presented Mrs. Elizabeth N. Linard of Bellaire. She served as chairman in the absence of Mrs. L. M. Kyes of East Palestine, county chairman, who is in Florida on account of ill health.

Mrs. J. W. Astry of the Salem Club, was named temporary county chairman to serve until May, while Mrs. Margaret Green of East Liverpool was made temporary co-chairman.

Mrs. Linard, 18th District state committeewoman, explained that the state organization of Republican women is in no way promoting or endorsing any candidate. At the present they are interested in "housecleaning" and getting ready for the May primaries.

The meeting opened with group singing of "America." Mrs. Hofmeister was at the piano. Mrs. E. S. Scott, wife of Rev. Scott, pastor of the First Christian Church gave the invocation. Spring blossoms were used effectively in the table decorations.

Feline Furor Rages On

Test On Toasting Proves Kitty Could Have Done It

MINERVA, March 17—(AP)—Minerva's celebrated cat-in-the-kiln test was completed today. The experimenters said they found: That Miracle, the calico cat, really was fire-resistant; That she could have lived for 36 hours in a brick kiln; where the temperature reached 900 degrees.

"Now," exclaimed Joe Bucola, superintendent of the brick plant, "maybe they'll believe we're not a bunch of liars."

Miracle, a stray feline, staggered out of one of Bucola's kilns March 5. Her fur was singed; an inch and a half of her tail was burned off, and her paws were badly burned. But she was alive.

The cat tale was scorned by some experts. So a test was undertaken to prove the story. Because it would have been sinful to put the cat back into the kiln, a synthetic cat was substituted. It was made up of a sirloin steak wrapped in a second-hand sealskin hat.

This prefabricated cat was placed in the kiln Wednesday. Again the temperature was raised to 900 degrees. This morning, 36 hours later, the kiln was reopened.

One end of the package—steak and fur—was burned to a crisp. But most of the package was in good condition. The fur was soft and the steak was tender and juicy.

A thermometer wrapped in the synthetic cat still registered 320 degrees.

Both Buildings On E. State St. Are Total Loss

Firemen Keep Blaze From Spreading; Origin Is Unknown

The Gordon Leather Shop at 600 E. State st. and the adjoining Ohio Grill and Restaurant at 604 E. State st., were destroyed by fire this morning in a blaze which, for a time, threatened to sweep the entire block on the north side of the city's main thoroughfare.

It was the city's worst fire in several years.

Firemen answered the alarm at 8:22 a. m. and did not have the fire under control until an hour later. It is assumed the "fire" started in the Leather Shop, which was gutted. Heavy columns of smoke poured from the brick and frame building.

The fire had gained a good headway by the time the fire department arrived. Two trucks were called to the scene.

Threatens Old Hotel

The fire jumped from the roof of the Leather Shop to two rooms on the east side of the old Colonial Hotel building. Firemen broke one of the front windows on the second floor and stopped it from spreading by pouring water into the rooms.

If the flames had been allowed to spread through the old hotel there was little the firemen could have done. Entrances to the building are so poor that it would have been almost impossible to get hoses in. Fire Chief Vincent Malloy was prepared to flood the building with his heaviest equipment as the only resort.

The hotel building is condemned and has not been occupied for years.

Chief Malloy had his entire crew on duty and said he received invaluable assistance from bystanders, without whom the fire might have gotten out of control.

Building Is to Be Razed

The blaze burned through the roof of the Ohio Grill, but most of the damage there was caused by water. Firemen poured tons of water into the second floor of the structure to stop the spread.

Owner Denies Police Use Of His Garage

CANTON, March 17—(AP)—If Canton police persist in towing illegally parked cars off city streets, they are going to find a new place to park them.

Louis Martinez, an attorney who is suing the city because his car was towed off, and his associates have purchased the garage to which police have been towing cars. And he has notified Safety Director Walter J. Weber that he is ending the city's lease on five garage spaces at the end of this month.

In January Martinez filed suit against the city to recover his car, which had been towed away because of an accumulation of parking tickets, and to get \$20,000 in damages he claims were suffered because of the incident.

Martinez said he is the major stockholder of the group which bought the garage.

The lease, which cost the city \$60 a month, will be cancelled, he said, because:

"I can't accept something I don't believe is right. It's money, I believe, that cannot be legally collected by the city. I don't think it is right and I don't want any part of it."

That's what he told a reporter. But in a letter to the safety director he said the contract would be stopped because the impounded vehicles caused congestion and because more income could be realized in keeping the five spaces open for public use.

His suit still is pending, but he has his car, although police have six unpaid parking tickets plus a \$3 towing fee and three days storage charge.

Today the city was looking for another garage.

Road Mishaps Leave 3 Hurt

Man Injured Here, Two At E. Liverpool

Three men were injured seriously in separate traffic accidents in opposite ends of the county early this morning. Salem state highway patrolmen reported.

John E. Logan, 29, of Hendrysburg, Belmont county, suffered fractured ribs and a possible punctured lung when his automobile struck the rear of a truck-trailer on the Albany road, two miles north of Salem, at 1:30 a. m.

John James Austin, 41, of Canton, driver of the truck, was unhurt.

The front of the car was demolished, state patrolmen said. Logan was removed to Salem City Hospital where his condition is "fair."

Two men were critically hurt on Route 7, just south of East Liverpool at about midnight when their panel truck left the guard and plunged over a steep embankment.

The accident was not discovered until 45 minutes later when a bus driver saw the wrecked truck at the bottom of the hillside.

Injured were James Vaughn, 29, of East Liverpool, who was driving, and his uncle, Charles Vaughn, 46, also of East Liverpool.

James Vaughn suffered a fractured skull and left hip, while the elder Vaughn received a broken right leg, left thigh and ribs.

Firestone Legion Post was represented when the Columbiana County Council met at the American Legion in Wellsville Wednesday evening. A dinner preceded the celebration of the 31st anniversary of the Wellsville Post. The dinner was served by ladies of First Methodist Church in Wellsville.

Present for the dinner from Columbiana were Mr. and Mrs. Norman Pregoner, Mr. and Mrs. William Keller, Mr. and Mrs. Marcus Hum and Thomas Crawford and Craig Quigley. Rev. Mr. Duffy of New London, O., who was a prisoner of the Japanese during World War II, was the speaker.

An East Liverpool male quartet sang. There were about 400 in attendance, every post in the county being represented. The High School class of the Methodist church will hold a benefit Saturday at Mowen Cleaners.

A St. Patrick's Day dance will be the event of this evening in the fifth anniversary celebration of Clipper Aerie, F.O.E. Saturday will be Old Timers Day. The week-long celebration will conclude with initiation at 2 p. m. Sunday. A dinner will follow. Officers of the order who instituted Clipper Aerie have been invited.

President William Knuth of the Columbiana Rotary Club says in connection with the annual East-

er seal sales of the club that its services are available for all crippled or handicapped children or adults in this area.

All but a small percentage of the funds from the seal sales are used in this area, less than 10 per cent going to the National Society for Crippled Children and Adults, Chicago, to finance its program of research and education and a national program to aid those afflicted with cerebral palsy.

Those in this area who know of crippled persons needing aid are urged to get in touch with Paul Ross, chairman of the club committee.

Family Of Six Dies In Blazing Home

PORT HURON, Mich., March 17—(AP)—A family of six died today in a fierce fire that destroyed their concrete block home in a matter of minutes this morning.

The fire that swept the home of Mr. and Mrs. Kenneth Chase was believed caused by the explosion of a kerosene stove in the kitchen.

Undersheriff A. J. Foster identified the dead as Chase, 42; his wife, Phyllis, 32, an expectant mother, and their four children, Judith, 6; Nancy, 4; Ralph 3, and Rebecca, 2.

The fire was noticed by a passerby shortly after 6 a. m. The pedestrian said he saw a "sheet of flame" roar out from

Ingrid Returning, Hubby Set To Fight

LOS ANGELES, March 17—(AP)—Ingrid Bergman is coming back to the United States and her husband, Dr. Peter Lindstrom, is preparing to meet her headon in the fight for custody of their 12-year-old daughter, Pia.

It will be the first face-to-face showdown between the couple since the actress went to Stromboli, fell in love with Roberto Rossellini and had a child by him.

The stage for a tense courtroom drama was set yesterday as:

1. Miss Bergman's attorney, Gregson Bautzer, said the actress will counter with a demand for comes to trial, will leave Italy as soon as the trial date is set, and "is determined to make the fight of her life for Pia."

2. Dr. Lindstrom, the quiet brain surgeon, finally came out swinging with an announcement, through counsel, that he will charge Ingrid is unfit to have custody of the child.

Moreover, the Swedish doctor will counter with a demand for a divorce here.

His attorney, Isaac Pacht, termed the Mexican divorce which Miss Bergman obtained Feb. 9, "a complete nullity—Mexico having jurisdiction over neither Miss Bergman nor Dr. Lindstrom."

Pacht said Dr. Lindstrom was ready to give a complete accounting of community property as requested in his wife's suit and would demand "an equitable distribution among husband and wife and the daughter."

The actress also was faced with the possibility of having to battle to re-enter the country. In Washington, Sen. Edwin C. Johnson (D-Colo.) put a letter in the Senate record saying neither Miss Bergman or Rossellini should be permitted to enter the U.S.

Tax Free When You Put It In The Kitty

ALBANY, N. Y., March 17—(AP)—Something to remember for next March 15:

A storekeeper listed this deduction in his federal income tax return this year:

"Food for kittens to catch the mouses in the store."

The tax clerk thought a bit, then allowed it as a business expense.

Rhodes Sure Liquor Plan Won't Lose

CLEVELAND, March 17—(AP)—To transfer Ohio's liquor monopoly to private enterprise should not cause the state to lose a single dollar of revenue, Mayor James Rhodes of Columbus said today.

Rhodes, campaigning for the Republican nomination to governor, said in a statement that if he is elected governor "Ohio is going out of the liquor business in a hurry."

Abolishment of the state liquor monopoly, Rhodes claimed, would be accompanied neither by a drop in state revenue nor a rise in liquor prices.

"Elimination of extravagant personnel expense by abolishing the state liquor stores and the purchasing function of the liquor department," he declared, "will remove many evils of the present system and unload a great weight from the cost of government. This clears the way for existing means of revenue to come to Ohio as unencumbered income, plus money which will be realized through package-dealing licensing."

"There is no reason to believe liquor prices would go up without the monopoly. On the other hand, the benefits of placing Ohio's liquor business in the hands of private enterprise can have an over-all effect which could be more than satisfactory."

Behind The Scenes At Oak Ridge Atomic Energy Plant

Tongs pick up bottle from storage area and Transfer it to shipping center. Operator is shielded by concrete two feet thick.

THESE PHOTOS afford a glimpse into extreme care taken in operations at Oak Ridge, Tenn., atomic plant to protect workers from fatal radiations. Bottles of radioactive isotopes are moved

about with remote control tongs operated from behind a concrete shield, with vision by periscopic mirrors. If the worker is exposed to radiations from these bottles, death is likely.

From Our Readers

Fairmount Home Or Foster Home?

Editor, Salem News:
I have been reading the various letters in your paper for and against returning our less fortunate children to Fairmount Home. I am very much interested in each and every debate brought out for two reasons. First I am a foster mother and have been for about three and one half years. Second, I myself am an orphan.

In working with the six different children that have been in my home in that length of time, I have come to love and be interested in every one of them. Each of these children has come to me from different kinds of homes and might I add all kinds of parents.

While I love children, I would not like the task of putting these six children under one roof at one time and expect to be fair to all concerned. Also the problem that meets the people responsible for the care of these children, is the fact that most of them have one or both parents living and with bitter memories of unhappy home life, need the love and understanding furnished in a real home.

The children in my home get the same care and attention that my own three children have received and I welcome anyone at any time who would like to check the home life of any child under my care.

Now about the director of welfare who defends the foster home program. Might I say that Mr. Curry is a fine man who talks to these children like a father and not like a disinterested teacher and I believe that he and his staff do all they can to have every foster home be everything it should be, trying to place children in the best possible homes to meet with that child's needs. Now, Mr. Cope mentions \$40 a month as pay for these children. The actual pay is \$30 per month, which barely feeds a child that is full of life and is growing.

Mr. Cope also mentions if there were more children in the

Fairmount Home their running expenses would be less. Of course this is so. But may I point out that everyone living has different tastes for different foods. And that we have the right as a free people to eat what we will. Would there be any chance of a child in the Fairmount Home or any other having a choice in food or any other thing in life?

We can not let ourselves figure our unfortunate children's lives in dollars and cents. Why should it matter if we lessen the expense by putting out children in an institution?

As to the iron curtain. Is the Fairmount Home and all its dealings open for inspection at any time? May I ask you, Mr. Cope, or Mr. and Mrs. Reader, would you want your child put in a public home?

I like to think that I am a well-balanced citizen for having found the love and kindness of a foster parent. My less fortunate brother and sister were placed in a home and have not made much success of their lives.

At The Theaters

The whirlwind romance of two mayors, one a former longshoreman and the other a girl graduate of Harvard, who meet at a San Francisco convention, forms the rollicking plot of "Key to the City" at the State Theater Sunday, Monday and Tuesday. Clark Gable and Loretta Young are the co-stars.

"The Hasty Heart" at the State Wednesday and Thursday features Richard Todd, Ronald Reagan and Patricia Neal. A moving drama packed with laughs and tears, it is the tale of six hospitalized soldiers from different countries, trying to keep a secret from one of their number.

Barbara Stanwyck and Wendell Corey are the stars of "Thelma Jordan," which deals with the problems of a young married lawyer who succumbs to the attractions of a beautiful client accused of murder. The suspenseful mystery is at the State Friday and Saturday.

At the Grand Sunday and Monday, Hurd Hatfield is in "Chinatown at Midnight," the story of a battle of wits between a psycho-

pathic killer and the police who pursue him.

In "Blondie's Hero," the second feature, Dagwood gets into his usual assortment of trouble, including Army training and a disappearing swindler, but Blondie manages to help him out of it.

Friday and Saturday at the Grand, Allan "Rocky" Lane smashes a ruthless gang of marauders and murderers in "Navajo Trail Raiders."

The highlights of the other picture on the double bill, "The Blonde Bandit," center around the efforts of a trusting girl to get information about a gambling syndicate. Chapter 12 of the serial, "The Adventures of Sir Galahad," also will be shown.

For The Easter (Egg) Parade

By KAY SHERWOOD

NEW YORK — (NEA) — The smartest kindergarten fashion-plates will be decked out for their Easter egg hunt in pint-sized versions of the high-styled togs their mothers will wear for promenading.

As popular with little girls as with their moms are the starched white accents of collars and cuffs to set off suits and coats; pleats to flare a skirt or give freedom of motion in a straight-cut coat; and bloused belted jackets for suits.

Spring navy meets competition as a color favorite in pastels such as candy pink, apple green, robin's egg blue and dusty rose. Even checks and plaids are scaled down in size to make sporty togs for pram row.

Ensembled with several of the new fashions are matching felt bonnets and rollers.

For all their grown-up styling details, however, little fashions are sized with an eye to a youngster's rapidly growing figure. Deep hems and cuffs and ample side seams for letting out promise that clothes will keep a fitting pace with a little girl's growth.

Checks highlight this trim little rayon-wool suit with Norfolk jacket and box-pleated skirt.

Candy pink covert coat has lace-edged pique revers and cuffs, matched on the felt bonnet.

Perry Grange Holds Debate On Flowers

A debate on "Should flowers be planted in the vegetable garden?" added interest to a meeting of Perry Grange Wednesday evening in the hall, Franklin rd.

The affirmative side was defended by five women — Mrs. Robert Wild, Jr.; Mrs. Samuel Hilliard, Mrs. Ralph Huston, Mrs. Edwin Evans and Mrs. Lester Newhouse; Five men — Mr. Evans, Mr. Newhouse, Walter Hilliard, Perce King and Earl Shasteen, Sr. upheld the negative side.

Mr. and Mrs. Walter Hilliard and Earl Shasteen, Sr., put on a stunt. Other numbers were:

Violin selections, Margaret and Lola Lentz; poem, "Your Home Town," Mrs. Glenn Bates; poem, "Our Neighbors," Mrs. Newhouse; vocal duet, Patricia Callahan and Lola Lentz.

Arthur Burton was named steward to fill a vacancy. A birthday cake was served in honor of the members who have birthdays in the three first months of the year. Mrs. Andrew Vaughn heads the social committee, which served the lunch. The next meeting is April 5.

Officers of Perry grange will be in charge at a meeting of grange masters Monday evening in Salem Grange hall, Depot rd.

Program Entertains Esther Butler Circle

Mrs. Charles O'Connell has charge of the program at a meeting of the Esther Butler Circle of the First Friends Church Thursday afternoon in the home of Mrs. Edgar Derr, E. Fifth st.

Mrs. H. C. Haviland was devotional leader. Letters were read from church extension workers and missionaries. Mrs. Russell Fortune entertained with a group of readings. Lunch was served by Mrs. Derr and Mrs. Rose Elton, assisted by Mrs. Haviland.

Atom Smashers Have New Element, This One No. 98

BERKELEY, Calif., March 17—(AP)—The atom smashers have produced another new element, a strange, invisible substance which seems to fit dramatically into the jigsaw puzzle of creation.

The newcomer is number 98 in the list of known elements which make up the universe. It does not now exist naturally on earth, but may have for a few fleeting minutes "in the beginning" when matter was formed.

The discovery was reported today by a team of University of California scientists working under contract with the Atomic Energy Commission. They are Dr. Stanley G. Thompson, Dr. Kenneth Street Jr., Dr. Albert Ghiorso and Dr. Glenn T. Seaborg.

Number 98 is the sixth addition to the roster of elemental substances since the dawn of the atomic age. Before that, there were only 92 known elements and number 92 was uranium. All the new ones have come from building up uranium by bombarding it with nuclear particles.

Number 93 was neptunium, a short-lived substance which automatically turned into element 94, plutonium, the atom bomb fuel. Number 95, americium, and num-

ber 96, curium, were next. Last January the research team found number 97 and named it berkelium after the University city.

The researchers produced No. 98 by bombarding curium with alpha particles, which are the cores of helium atoms. The results was the heaviest atom ever known. But it was so unstable that it turned into something else after a couple of hours. They had to work fast to identify it chemically.

The amount of the new element so produced was too small to be seen. However, they had been able to predict some of its properties. They knew it would have some relationship to Element 66, a rare earth named dysprosium. This name comes from a Greek word meaning "hard to get at."

With quick chemical procedures they confirmed the discovery. The researchers suggested that No. 98 be named californium. They added, however, that the best they could do to justify the name would be to point out that "the searchers for another element (gold) a century ago found it difficult to get in California."

No. 98 has no future as a source of atomic energy, said Dr. Seaborg, but it adds to man's understanding of matter. The new element adds a tiny bit of support to a prevailing theory among scientists that all matter was created in an instant; that at the moment of creation all its various forms were present, including not only the 92 conventional elements but also every possible variation of those 92.

Both

ing flames. The restaurant is owned by Christian Nyktas.

Most of the stock in the Leather Shop, operated by Gordon Scott, was destroyed. Scott said it was partially covered by insurance.

Both the Leather Shop and restaurant buildings will have to be completely rebuilt before they are again occupied, Malloy said. The store is burned out and the restaurant so weakened by water that it is no longer safe.

Some water damage was inflicted on the Salem Shoe Repair Shop, west of the Gordon's, after firemen battled the fire directly above it in the hotel.

Employees of the Ohio State Employment Service office, just east of the Ohio Grill, moved all their files and furniture onto the street while the fire was at its height.

It was the second time within two weeks that the Employment Service office has been threatened by fire. Last Friday a basement fire in their building had employees dragging their files into the street.

Closed Until Monday

Arthur S. Johnston, office manager, said it would take six months to reorganize the office if the files were destroyed. At noon today the office furniture was still piled in front of the postoffice. Johnston said the office will not reopen until Monday.

Some equipment was moved out of the Salem Label Co. building, which was also threatened.

Police channelled traffic around the 600 block as hundreds of people stood on the opposite side of the street and watched the blaze.

Several times flames broke through the roof of the restaurant building at the rear, but were beaten back by a heavy play of water. The fire department had State st. littered with hose as they prepared to combat the blaze if it spread through the Colonial building. Fire plugs were tapped halfway up the block on State st. and on N. Lincoln ave.

Army Supplies Coffee

Origin of the fire is unknown although Scott said that a small gas heater was left burning overnight in his store and that it may have been the cause.

Firemen worked under mean conditions in cold weather. Most of them were dripping wet and half frozen. Salvation Army workers distributed coffee to the men in an effort to warm them up.

Deaths and Funerals

David L. Mounts

David L. Mounts, 81, retired farmer of Damascus, died at 5:05 p. m. Thursday at the home of his daughter, Mrs. Crist Berger of Negley, following a 16-month illness. He had been at the Berger home the past five weeks.

A son of Daniel and Mary Hill Mounts, he was born Aug. 28, 1868, at Redding O. He spent his life in this vicinity and was a member of the Sebring Church of Christ.

Besides his wife, Elnora Zepernick Mounts, he is survived by five daughters, Mrs. Myrel Bye of Beloit; Mrs. Charles Smallwood of East Palestine; Mrs. W. H. Boner of Fredericks-

town; Mrs. Richard Baylor of Alliance and Mrs. Berger, at whose home he died; two sons, Ross of Olympia, Wash., and George of Salem; three brothers, George H. Mounts and Wilford E. Mounts of Salem and J. A. Mounts of Youngstown; one sister, Mrs. Virgil Farr of Cleveland; 25 grandchildren and 30 great grandchildren.

Funeral service at 2 p. m. Monday will be at the Stark Memorial, in charge of Rev. Paul Magnuson of Sebring. Burial will be made in the Fairmount Memorial Park Cemetery.

Friends may call at the Memorial Sunday afternoon and evening.

Mrs. William W. Hinton

Mrs. Nora V. Hinton, 70, widow of William W. Hinton, died of a cerebral hemorrhage at 2:50 a. m. today, following a lingering illness.

A resident of Salem for 52 years, Mrs. Hinton came here from Bedford, Pa. She was born in Omaha, Neb., July 4, 1879, a daughter of Thomas and Catherine Morehead Imler. She was a member of the First Baptist Church.

Surviving are three daughters, Mrs. Adelbert Callahan of Salem; Miss Dorothy Hinton of Lima and Miss Catherine Hinton at home; two sons, Lawrence of Salem and Earl of Wellsville and 11 grandchildren. She was the last of her immediate family. A son, Arthur, died in 1931 and her husband died in 1946.

Funeral service will be held at 2 p. m. Monday in the Arbaugh-Pearce funeral home, in charge of Rev. R. J. Hunter, pastor of the First Baptist Church. Interment will be made in Hope Cemetery.

Friends may call at the funeral home Sunday evening.

Albert Rapp

NORTH LIMA, March 17—Albert Rapp, 72, died at his home

here at 8:30 p. m. Thursday, following a lingering illness.

Born in Beaver Township, Mahoning County, May 9, 1877, he was the son of Noah and Anna Rapp.

On March 3, 1898, he married Cora Ellen Seidner. They observed their 52nd wedding anniversary this month. He was a member of the Emmanuel Lutheran Church, Springfield.

Surviving are his wife, and one daughter, Mrs. Olive Pike of Youngstown, formerly of Salem, and two grandchildren.

Funeral service will be held at 2:30 p. m. Sunday in the Warwick funeral home in Columbiana, in charge of Rev. C. B. A. Stacy. Burial will be in the New Springfield Cemetery.

Friends may call at the funeral home Saturday evening.

Mrs. Chance Figley

Lisbon, March 17—Services for Mrs. Mayme Figley, 1, wife of Chance Figley, R. D. 5, Lisbon, who died in the Salem City Hospital Thursday morning, will be held at St. Jacob's Reformed Church Sunday afternoon at 2:30.

Rev. E. D. Fager, pastor of the church, will be in charge and burial will be in the church cemetery.

She was born in Center Township, June 3, 1878, a daughter of John and Margaret Shive Meehan, and had spent her entire life in this vicinity. She was a member of St. Jacob's Church.

Surviving in addition to her husband is one son, Arthur Sloss, of Lisbon; four sisters, Mrs. Hattie Swogger, Mrs. Flora Virden and Mrs. Ollie Carnes of Lisbon and Mrs. Elizabeth Gaver of Youngstown; four brothers, Fred and Clyde Meehan of Lisbon; Merle Meehan of Superior, Neb., and Solie Meehan of Detroit; three grandchildren and one great grandchild.

The body has been removed to the Eells-Leggett funeral home, where friends may call this evening and Saturday afternoon and evening.

Pleads Innocent Of OSU Fraternity Murder

COLUMBUS, March 17—(AP)—James D. Heer, 20-year-old

Ohio State University freshman, pleaded innocent today to a charge of first-degree murder in a homecoming campus slaying of a fraternity brother.

Common Pleas Judge Dana F. Reynolds overruled a defense motion for a change of venue.

Defense Counsel Matthew L. Bigger claimed the court issued "prejudicial" statements in refusing to issue summons to all Ohio State trustees as defense witnesses.

Heer was scheduled to go on trial Monday. But the court discovered the youth had not been formally arraigned. The trial was continued until May 1.

Heer is accused of the fatal shooting of Jack T. McKeown, 21, Norwood, last Nov. 12 near their fraternity house, the Delta Tau Delta. McKeown was a senior journalism student.

But Dr. William Orr, a Minerva veterinarian, supported the story. Today, Mrs. Carman, Superintendent Bucola and Dr. Orr felt vindicated.

Now she is the most popular woman in town. She says people she knows but slightly call at her home, telephone, or stop her on the street.

"People are barging in all the time," she said.

And "Miracle" isn't being neglected, either.

The calico cat is improving rapidly. So far about 100 cards and letters for Mrs. Carman and the cat have arrived, most of them "get well" notes.

Some letters came from as far away as California.

There also have been telephone calls. One was from a group of eight women in Pennsylvania who wanted to buy "Miracle." But "Miracle" isn't for sale, says Mrs. Carman.

The newspaper correspondent says she had received so many telephone calls she can't even remember the town in Pennsylvania where the call came from the ladies wanting to buy "Miracle."

The sleet, wind and snow that usually harrasses Ohioans when they break out in green on St. Patrick's day was conspicuously absent today as thousands prepared to march down main street. In fact, the weatherman was more than generous with promises of rising temperatures which were expected to reach the forties.

But had the wearin' of the green been scheduled for a day later, the story would have been a sad one, indeed. Forecaster Milton Davis pointed out.

"Following tonight's lows be-

tween 15 and 25 degrees the mercury won't climb above the freezing mark tomorrow," Davis added. "Tomorrow will be mostly cloudy with snow flurries in north and east portions."

The weather bureau's five-day forecast follows:

"Temperatures will average five to eight degrees below normal."

Continuing moderately cold through period. Rain or snow south central portion Sunday. Rain or snow Tuesday or Wednesday. Total precipitation one-third inch in the north to one-half inch in the south. The Ohio department of highways reported slippery roads in an area north and west of a line marked by Van Wert, Upper Sandusky, Bowling Green and Wauson.

Delphos St. John's Ousted As Class B State Champions

Drop Close One To Miller City

Hamilton Wins Over Portsmouth Five 47-44

By FRITZ HOWELL
COLUMBUS, March 17—(AP)—Ohio was without a Class B high school basketball champion today.

Delphos St. John's, 1949 victor and a red-hot favorite to repeat, was knocked out of the running last night by undefeated Miller City, 43 to 42, in the Toledo regional. A tip-in shot by center Ralph Meyer in the final 15 seconds brought Miller City from behind for its 26th straight conquest—and ushered St. John's to the sidelines.

In the lone Class A game, defending champion Hamilton came from 10 points behind to eliminate Portsmouth's Trojans, 47-44, at Cincinnati. Bob (Happy) Smith, sterling center for the Big Blue, paced Hamilton to its 21st victory in 24 starts with an 18-point spurge and then hung up his uniform.

Smith became 20 years old today and will be ineligible for Saturday's regional final with the winner of tonight's Middletown-Springfield fray. Smith's departure may prove a stunning blow to Coach Warren Scholler's hopes for another crown.

Most of last night's firing was in Class B and the Delphos defeat wasn't the only thriller. In the Athens regional, Worthington was blasted from contention in the last 11 seconds as Philo's Lee Kries dribbled in from an out-of-bounds play for the fielder that won, 36-34.

And at Springfield, little Zanesfield was behind, 15-3, to Marysville at the end of the first quarter, but swarmed back for a 45-39 conquest. Its 25th against a lone loss. The Marysville and Worthington losses left the central district without a Class B representative.

Yorkville's 1943 Class B champions joined Delphos St. John's among the also-rans by dropping a surprising 67-46 fray to Norton at Youngstown. The winner overcame a 16-12 deficit at the end of the first quarter for their 26th win in seven starts. In the same regional Lowellville was upset, 55-42, in Geneva, the second loss in 25 games for Lowellville, which had a 26-23 half time edge but couldn't hold it.

Of the 10 Class B teams still in the race, only Eaton has won the championship in 1948—and that club must get by Lockland Wayne, the all-Negro finalists of 1949, to stay in the running. They meet tonight at Springfield, with the winner engaging Zanesfield Saturday.

Manchester and Corning meet tonight at Athens to determine which clashes Saturday with Philo for the state berth. Other Saturday finals place Miller City against Leesville at Toledo (afternoon), and Geneva against Norton at Youngstown.

Seven Class A games are on tonight's card, headed by the Middletown-Springfield Public clash at Cincinnati. Middletown won the state title in 1944-46-47, while the Clark county Wildcats triumphed away back in 1925.

The two smallest schools are headed for the hottest finals in the Class B ranks as Leesville

DIZZY DEAN, former St. Louis Cardinal pitcher who is now employed by the New York Yankee organization, poses with three Cardinal stars before a spring training game at St. Petersburg, Fla. Left to right are Stan Musial, Enos Slaughter, Dean and Terry Moore. Dean played with Slaughter, and Moore before closing his career with the Chicago Cubs.

(population 172) tangles at Toledo with Miller City (population 174). Rand-McNally lists Leesville, Crawford county village, as Leesville Crossroads, but the crossroads kids are good enough for a 20-3 record, including last night's 48-40 win over Troy-Luckey of Wood county.

Bradley Favored In NIT Tournament

NEW YORK, March 17—(AP)—Bradley's dashing Braves still stand today as the country's No. 1 basketball five and potential winner of college basketball's two major championships—the N. I. T. and NCAA.

The versatile midwest quintet meets CCNY for the National Invitation tournament title Saturday night. Next week the Braves try for the NCAA championship, other half of basketball's grand slam.

Top-seeded Bradley raced by St. John's of Brooklyn last night, 83-72, to advance to the weekend NIT finale. There the Braves have to contend with an upstart CCNY sophomore team that is the sensation of the tournament.

Unseeded and unranked in the final Associated Press poll, City College walloped defending champion San Francisco and Kentucky, then defeated Duquesne in last night's semi-final, 62-52.

Off last night's performance, the smoother Bradley five looks four or five points better than CCNY. But City, which ended its regular season with a fair 17-5 record, now is playing much better than at any time this season.

Tribe Wins On Four Base Hits

Lemon's Homer In 11th Breaks Up Contest

LOS ANGELES, March 16—The Indians obviously haven't lost the knack of winning extra-inning ball games, in which they were especially proficient last year.

Although held to four hits, they defeated the Chicago White Sox, 5-4, in 11 innings today on a home run into the right field stands of Wrigley Field by Bob Lemon, who thrilled his Long Beach neighbors among the crowd of 3,700.

Lemon the hitting pitcher in the major leagues, was the hero both at bat and on the mound. He entered the exhibition, in the ninth inning, with Chicago's winning run on third base and fanned Gus Zernial on three pitches. He also stopped the Sox in the 10th and 11th on strikeouts, totaling four.

Tribe Bunches Hits
Three of the Indians' four hits came in the third inning when Larry Doby hammered his third home run of the training season into the right field bleachers. Luke Easter followed with a double against the right field screen and scored on a single by Manager Lou Boudreau.

Until Lemon's winning blow in the 11th, those were the only hits off four Chicago flingers—Bill Connelly, Bob Cain, Walter Pierce and John Perkovich, pitching in that order. The tribe's first two runs, both unearned, were scored in the first without benefit of a hit.

In the third the tribe increased its lead to 4-1 on the three aforementioned blows. Doby's homer landed deep into the right field stands, more than 370 feet away from the plate. Easter's double was near the foul line, 300 feet away, and Boudreau's single sailed on a line into left field.

Geneva Faces Norton In Regional Finals

Lowellville, the Mahoning county Class B champions, were ousted from the NEO regional basketball tournament Thursday night by Geneva High, losing 45-42 at the Youngstown South fieldhouse.

Norton moved into the finals against Geneva by beating Yorkville 67-46.

In achieving their 22nd victory in 24 games, Geneva came back to wipe out a 26-23 half-time deficit and outscrap Lowellville in the final two periods. Dale Arkenberg featured the Eagle's comeback, getting 12 of his 22 points after the intermission.

Lowellville, after leading at three earlier stages, lost command for the last time when Bob Scoville's basket pushed Geneva in front, 31-30, with five minutes of the third period remaining.

Lowellville was handicapped by the loss of its stellar forward, Sam Mangine, over much of the route. Mangine played sporadically but finally fouled out midway of the fourth period. However, he wasn't a starter, as only Wednesday he had recovered from an attack of influenza.

In addition to Mangine, Lowellville also lost Jack Stephenson via the foul route in the last period. Geneva gave up Dick Eller in the third quarter and Jim Merrill in the fourth.

Stephenson and Mangine were high for Lowellville with 10 points apiece. It was the Rockets second loss in 25 games.

Luke Sewell Praises Reds Bonus Catcher

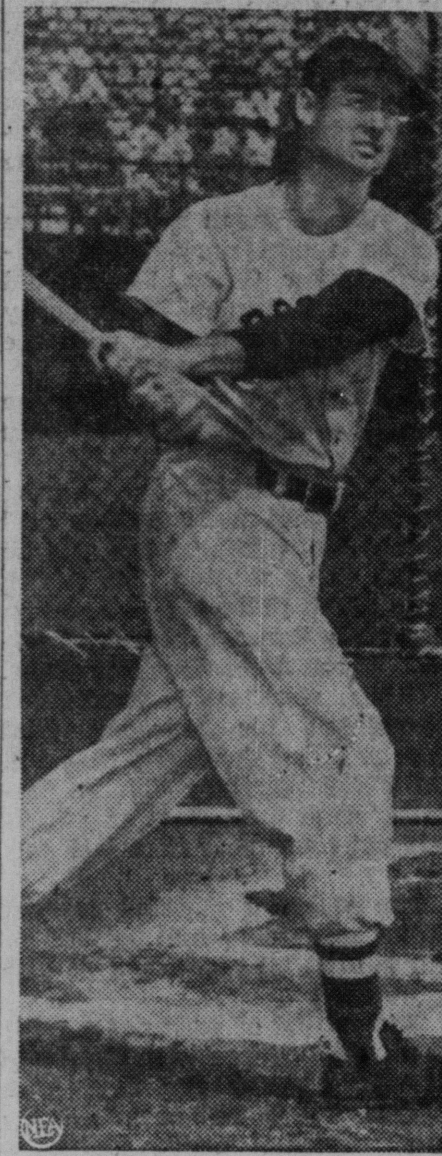

TAMPA, Fla., March 17—(AP)—Manager Luke Sewell took a good look at his Cincinnati rookie crew yesterday under game-time conditions and seemed pretty happy about what he saw.

Ed Bailey, late of the University of Tennessee campus, caught the last three innings as the Red Leg "B" squad defeated the St. Louis Cardinal reserves, 9-8. Sewell called the \$25,000 bonus player one of the best-looking catcher prospects he's ever seen—high praise from an old catching master.

ALWAYS IN STYLE—it's a new season but Ted Williams' same old batting style is still the spring rage. Boston's four-time American League batting champion follows through in familiar fashion in Sarasota, Fla., training base of Red Sox.

Memorial Building Enlargement Favored

Because of the small turnout of members, the Boosters Club postponed action on the fieldhouse question at a meeting Thursday night in The Memorial building.

A decision is expected to be reached when the club meets in four weeks.

A discussion was held among those present and the consensus was that an addition to the Memorial building was more feasible than the construction of a fieldhouse. The main reason given for addition was that it would be less expensive to build and maintain, making the task of raising funds easier.

The problem of seating brought comments that between 2,000 and 2,500 seats would be sufficient. It was pointed out that South Fieldhouse, having a capacity of 2,800 persons, is adequate for a city the size of Youngstown but is only actually filled a small percentage of the time.

President Tim Hoppes called for a concerted effort after a general committee in the city is set up to choose between the fieldhouse and the addition and to wholeheartedly support whichever is chosen. He said other problems could be ironed out later.

Don Rehfeldt of Wisconsin, in 1950 won his second consecutive Big Ten basketball scoring championship.

STRIKES TO SPARE

Bob Dixon's 648 series, including games of 226, 198 and 224, was high Wednesday night for the non-handicap Classic League. Dixon's mark paced the Recreation to high team series of 2740, while Kelly's Service had 2737 and the Bowling Center collected 2730.

Other high individual scores were: 599, Lloyd Jones of the Youngstown Jones Movers; 592, Glenn Oesch of the Bowling Center; 580, Brad Akens of Kelly's; 580, Dick Hahn of the Bowling Center; 564, John Balta of the Recreation; 554, Jack Young of Kelly's.

College Student Faces Death Penalty

LANCASTER, Pa., March 17—(AP)—A sobbing Franklin and Marshall College student was marked last night for death in the electric chair in the "impulse" slaying of Marian Louise Baker.

A jury of seven men and five women found dark-haired Edward Lester Gibbs, 25-year-old senior from Pitman, N. J., guilty of first degree murder with the death penalty mandatory.

The verdict came after the jurors had deliberated four hours and 45 minutes.

Gibbs' attorney, W. Hensel Brown, made an immediate oral motion for an appeal and said he would file a written plea within the allotted 15 days. If the motion is denied, Brown said he will appeal to the State Supreme court.

Gibbs steadfastly maintained throughout his four-day trial that he killed the pretty 21-year-old F&M secretary "on an impulse" after they drove to a "petters hangout" near here last Jan. 10.

The youthful married student broke into tears and sobbed as the verdict was returned at 9:10 p. m. EST.

The verdict of guilty of murder in the first degree with the death penalty marked the first such finding by a Lancaster county jury. Several death sentences, however, have been imposed by judges in this county, heavily populated by members of the Amish and Mennonite faiths—both opposed to capital punishment.

CINCINNATI, March 17—(AP)—A woman sent a \$15 check to County Treasurer John M. Renner the other day, saying she wanted to ease her conscience for an old debt to the county. When Renner tried to cash the check yesterday the bank notified him there was not sufficient money in the account.

Roseville Pottery Plant Hit By Fire

ZANESVILLE, March 17—(AP)—The Nelson McCoy Pottery plant at nearby Roseville—one of the largest art ware potteries in Ohio—was swept by a fire early today.

McCoy said the plant, housed in a three-story brick building, was "60 to 70 per cent destroyed." He said he was unable to make an estimate of the loss immediately.

The fire started in the third floor of the building, firemen said, and quickly spread to the other floors. Most of the damage was done to the manufacturing plant itself, McCoy reported, the shipping department and office escaping heavy damage.

Firemen from Zanesville, South Zanesville and Crooksville were called in to aid Roseville firemen battle the blaze. The fire was under control about 3 a. m.

Reformatory Escapee Faces Car Theft Charge

'Tis White, Not Green On This March 17

By The Associated Press

It was a white—not green—St. Patrick's day in areas from Wisconsin to Virginia today.

A five-inch snowfall covered Richmond, Va., and the fall in Washington, D. C. measured three inches. It was to a depth of six inches at Flat Top, in the mountains of West Virginia.

The snow belt extended from Wisconsin southeastward through Michigan and Ohio and into the Middle Atlantic states. Another snow area put a white carpet over the Upper Mississippi valley westward through North Dakota into Northern Montana. More snow was in prospect for parts of Michigan, Wisconsin and Minnesota.

The temperatures in the northern tier of states from Montana to the New England states were on the chilly side. Readings were near zero in northern New England and in the northern plains. More cold weather was pouring into Minnesota but some warming was forecast for some mid-west areas.

Bake Broiled Chicken in Cream

FIRST you broil it, then you bake it in cream. And then—well, read on and smack your lips.

Broiled Chicken in Cream
Four small broilers, onion juice or onion salt, lemons, salt, pepper, paprika, 1/4 cup cooking sherry, cayenne, 2/3 cup cream (or evaporated milk).

Have chicken split in half and thoroughly cleaned. Rub with split onion or onion juice, or dust with onion salt. Dust with salt and pepper and paprika. Squeeze lemon juice over all of them. Let

stand in refrigerator for at least two hours, more if possible. Mix cooking sherry and a few shakes of cayenne pepper. Place seasoned chicken in flat pan and pour mixture over. Marinate at least half an hour.

Drain and broil under low clear flame for about 30 minutes. Turn after first 15 minutes. When brown, replace in flat pan. Pour cream over chicken and bake in moderate oven (350 degrees F.) for 30 minutes.

Serve with soufflé of mashed potatoes blessed with some of that amazing "pan" gravy.

A lot of readers ask for a chicken giblet stew that is really good to eat. So I asked Freda de Knight, rated by me as one of the five-star cooks in the U. S. A. Here's her answer:

Chicken Giblet Stew
(Serves 4)

Chicken giblets, wings and necks, 2 onions, 2 celery stalks, 2 green peppers, 2 tablespoons butter, salt and pepper to taste, 1 bay leaf, 1 can tomato sauce, 2 tablespoons flour, 1 clove garlic, 2 tablespoons chopped parsley.

Boil giblets, wings and necks with salt, pepper, bay leaf and garlic in water to cover. Dice celery and chop onion and green peppers. Saute in melted butter. Add flour and tomatoes.

Add this mixture to giblets and wings, etc., when tender. Simmer 20 minutes. Then add parsley and serve over hot rice. Serve with green peas and mixed salad.

Bill To Aid Gas Industry Up

Sen. Kerr Wants To Limit FPC

WASHINGTON, March 17—(AP)—A bill which backers say is intended to keep the natural gas industry stable and healthy—its opponents say it will increase consumer costs—comes before the Senate today.

Senator Kerr, wealthy Oklahoma Democrat and an oil man, introduced the bill; Senator Elmer Thomas (D-Okla.) is the sponsor.

It would prohibit the Federal Power Commission (FPC) from taking control over gathering and production of gas by independent operators.

Kerr said he acted at the unanimous request of the Oklahoma legislature.

Noting criticism that the bill would result in increased costs to gas users, Kerr contends: "Actually, I am the real friend of the housewife." I am fighting to keep the gas industry stable and healthy so it can continue to bring the American consumer the cheapest, cleanest and best fuel.

Denying the bill would result in price increases, Kerr said most of the price paid for gas goes to interstate pipe line and local gas companies, both of which are regulated by state authorities.

Senator Douglas (D-Ill.), a leader in the opposition camp, said the part independent producers play in the natural gas business cannot be separated from other phases which come under FPC regulation in interstate business.

Daniel Boone led axmen blazing the Wilderness Road through Cumberland Gap in 1775.

French Team Studies Farms

Survey Ohio's Methods For French

WILMINGTON, March 17—(AP)—A team of four French agriculturists touring Clinton county farms hope to transfer to France some of Ohio's ideas about farming.

The Frenchmen have spent a busy week visiting farms in this area and talking with officials of various farm and school agencies.

Team leader is Jacques Ratineau, agricultural general inspector and director of the State College at Grignon. He says when they return to France they hope to use their knowledge to get "more specialists close to the farmer."

"We have learned much about Ohio," Ratineau said. "I think Ohio is one of the best of the United States." He compared the state favorably to northern France.

The French team, in addition to Ratineau, includes Andrew Bord, assistant to the agriculture minister; Daniel Brisebois, a local director of agricultural extension, and Jean Tugaut, an official of the French National Farmers' organization known as the "Confederation Generale de l'Agriculture."

With the team as interpreter is Mil. Marie Beatrice Mesnet.

Members of the team were particularly impressed with hybrid corn, which Ratineau said they have used in France since 1944. The method of growing, grading and using hybrid corn was shown the group at the C. C. Terrell farm.

They also were shown Terrell's registered Duroc swine. Yorkshire is the most popular breed of swine in France, Ratineau said, adding that stock from the college farm have won prizes in the national show in Paris.

Thursday the group took part in a swine demonstration of the Clinton county swine improvement committee here, in which local farmers attempted to select the best meat-type hogs.

These hogs were sent to Ohio State University, and the Frenchmen will see them cut up Saturday. Dressing percentage of the carcasses will be studied Monday at a meeting here.

As in the United States, Ratineau said swine with more meat and less lard are desired in France.

The Frenchmen have been interested in Clinton county's rural schools, the 4-H program here, home demonstration program, storage of corn in the Commodity Credit Corp. bins, Farm Bureau Cooperative operations and other farm organizations.

They will complete their tour here Saturday.

Missing Cadet's Name Is Dropped

WEST POINT, N. Y., March 17—U. S. Military Academy officials announced today that the name of Cadet Richard Colvin Cox, 22, missing since Jan. 14, has been dropped from the academy rolls.

His name was dropped March 14, officials said, because he had remained absent for a period of more than one month. The adjutant general's office of the Department of the Army permitted Cox's name to remain on the rolls while an intensive search for him was under way.

The search of the 25,000-acre academy grounds was hampered by bad weather.

The Mansfield, O., youth, whose mysterious disappearance has alerted police in 17 states, is a World War II veteran. He was last seen at 6:15 p. m. on Jan. 14 by fellow cadets when he received a pass to meet an unidentified officer at West Point's Thayer Hotel.

Miss Davidson, 102, Dies In Wellsville

EAST LIVERPOOL, March 17—(AP)—Miss Margaret Davidson, nearing her 102nd birthday this month, died in Wellsville Wednesday night. She was believed Columbia county's oldest resident. Only nephews and nieces survive.

Miss Davidson was a native of Irondale and lived in Wellsville about 90 years, going there with her parents when she was a girl of 12. She resided at the same address for 88 years. Miss Davidson had been in fairly good health despite her advanced age. Due to failing eyesight, she was able to read but little in late years. She occupied her leisure hours in tatting and crocheting.

Ruling On Bus Color Asked

Do Church Vehicles Have To Be Yellow?

COLUMBUS, March 17—(AP)—The state attorney general has been asked to rule on whether church buses must be painted yellow like school buses to be operated on \$10 license plates.

The issue arose when a Springfield, O., minister announced he would challenge the state's right to refuse to issue \$10 license tags for his bus because it is painted blue.

Rev. Walter Vastbinder, pastor of the East Side Church of the Nazarene in Springfield said the church would operate its bus without plates after March 31 if it is required to buy commercial plates.

He says a new law, in effect since last Oct. 12, is misinterpreted by the state highway patrol, which is examining church buses before authorizing \$10 licenses.

Last year, he said, he paid \$121 for license plates, "the same as for a Greyhound bus."

The law says church buses must meet "standard school bus regulations."

School bus specifications say they must be yellow and have

overhead flasher lights made by one of five specified companies. Mr. Vastbinder says he refused to paint his bus yellow, and that it has standard overhead flasher lights, although they were not made by one of the five approved companies.

He continued: "There is no law in Ohio that demands respect from motorists of yellow church buses and overhead flasher lights, as there is for school buses."

Gov. Frank J. Lausche said the State Highway Patrol has asked Attorney General Herbert S. Duffy for an opinion, and that he concurs in the request.

The governor said last night: "There is a question concerning the meaning of the language embodied in the law. Owing to the uncertainty of the meaning of the language, we asked the attorney general for his opinion. We think it will be forthcoming soon. 'It is my own judgment the legislators did not intend when they gave the church buses the same license right given school buses that complete rules and regulations for school buses should apply to church buses.'"

Farm, Home Week Set For March 21-24

A large attendance is expected when the thirty-eighth annual Farm and Home Week is held at Ohio State University in Columbus March 21-24.

The four-day affair will include numerous lectures, movies, clinics, demonstrations, panel discussions and exhibits. The top items on the program are the full day of discussion on the application of the airplane to agriculture, the Midwest Milk Marketing Conference and the annual beekeepers' meeting and short course.

Main speakers are Dr. John A. Schindler, a Wisconsin country doctor who will speak on the art of living at the Tuesday meeting and F. L. Teuton of the United States Department of Agriculture's bureau of agricultural and industrial chemistry, who will demonstrate and report on new uses for agricultural products through research at the Wednesday session.

Recognition ceremonies will be held for Ohio 4-H Club advisers Thursday, and foreign students at the university will present a panel discussion March 24. All four general sessions are scheduled for 1 p. m.

A full day of the program will be given for Ohio's farm youth March 24. This will include a Future Farmer public speaking contest, a poultry judging contest, a discussion of opportunities for young people, a song fest and movies of the Ohio State-California Rose Bowl game.

Friday evening, the third annual Ohio Folk Festival will be held to continue the youth program.

Recreational activities have been planned for each day. Tuesday night, the university's music students will present a concert, the annual Farm and Home square dance is planned for Wednesday and films will be shown Thursday night.

Free Cars For Workers Gives Boss The Biggest Thrill

YORK, Pa., March 17—(AP)—Dallas E. Winslow, owner of four industrial plants, passes out automobiles to his employees.

All of Winslow's employees, working in four different states, can get a new car from their boss for free, if they want one. The company retains ownership, but the recipients have free use of the cars.

"It's a wonderful feeling," he said here today, "I don't know how to put it into words, but I believe that I am more to be envied than the recipients."

Winslow, grandfather of two boys, 10 and 13 years-old, was in

town to take a hand at running his Frazer Farm Equipment Corp. plant, makers of garden tools.

He also is president of the Buckeye Power and Hand Land Mower Co., at Springfield, Ohio, the Ideal Power Lawn Mower Co., in Springfield, Mass., and the Auburn, Cord and Duesenberg Co., makers of automotive parts at Auburn, N. Y.

Winslow said that since early March he has purchased some 210 cars for various employees in the four plants. He employs about 300 persons all told.

He said the cars were supposed to go to every employee with ser-

vice of a year or more for their "service, cooperation and loyalty."

However, he pointed out that autos have been going to his York employees also even though he has owned the firm less than eight months.

The cars are issued entirely without strings, he said, and are purely for personal use, with the exception of some 61 sedans (Oldsmobiles) which went to

salesmen both for business and pleasure.

"If the people wish to make a trip to California or Florida on their vacation, they may do it," he said.

Asked by skeptics as to whether he receives exemptions from taxes in donating the cars, Winslow said: "Not to my knowledge. I really can't say, for I am not primarily interested in this."

The value of the autos, he said, amounts to "about \$436,000." They went to machinists, janitors, switchboard operators, secretaries, assemblers, shipping clerks, truck drivers and others.

What happens if the employee already has a car?

"Why, he may sell it or keep it," said Winslow. "That's up to him."

The cars all are two-door sedans (mostly Fords). The recipients, said Winslow, may choose whatever color they want.

What's The Difference Between An Automobile For Sale and a Refrigerator?

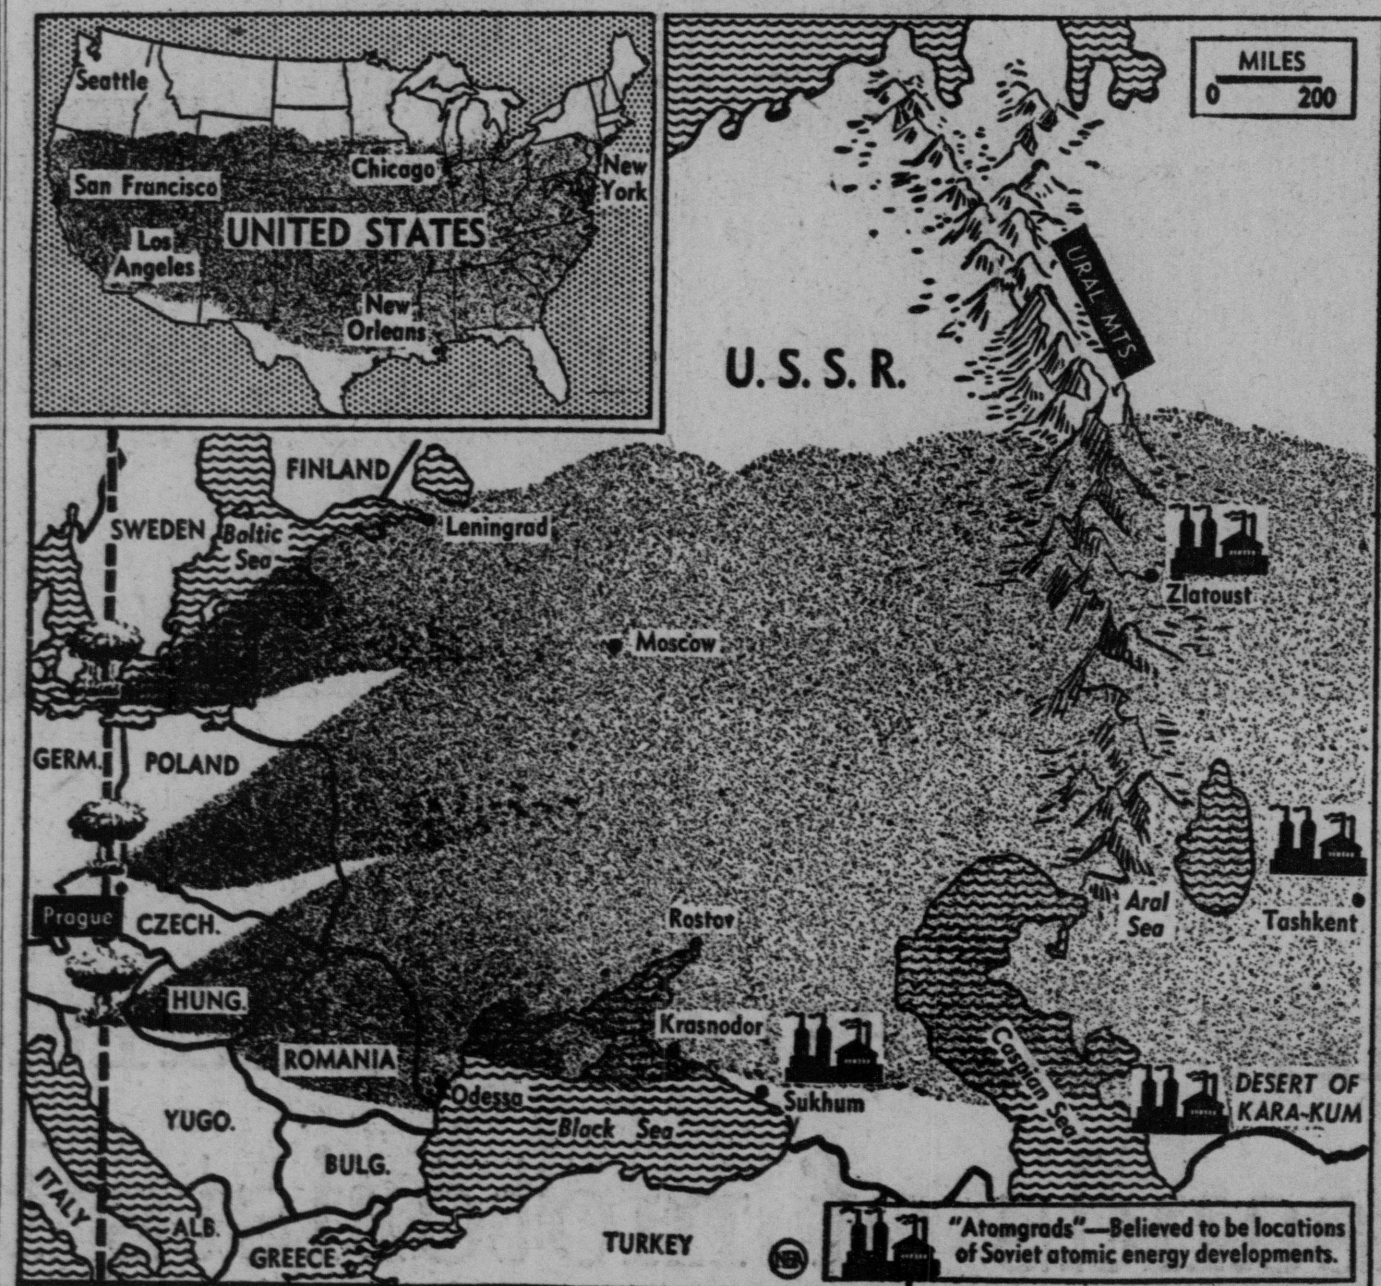

Everyone who reads and uses Salem News Want Ads knows that the autos for sale columns always list the BRAND NAME of the car being offered for sale. It's inconceivable to imagine an ad that reads "Used Car For Sale. Call 4539."

Yet . . . many classified advertisers who offer refrigerators—or washers or golf clubs or a house that is completely insulated—fail to name the brand of the article being advertised.

When you place your Want Ad, if it has a well-known, highly respected BRAND NAME connected with it—be sure to include that name in your sales message. Your results will be better, faster . . . and your advertising will cost you less!

DUST OF DOOM—Map illustrates theory of Harris S. Brown, atomic scientist of the University of Chicago, who recently described how radioactivity from hydrogen bomb blasts could be made to kill every living thing in an area 3000 miles wide and 1500 miles deep. A series of H-bomb explosions, along a north-south line at about the longitude of Prague, Czechoslovakia, would produce great clouds of radio-active dust. These would be carried eastward by prevailing winds, destroying all life from Leningrad to Odesa and from Prague to the Ural mountains, he said. Taking about three days to reach the Urals, the deadly cloud would begin losing intensity and by the time it crossed the Pacific to the west coast of North America, it would be harmless. Brown pointed out that the process could be reversed. H-bombs set off along a north-south line in the Pacific, 1000 miles west of California, would produce a radioactive cloud that would hit California in about a day and New York in four or five days, as shown on inset map.

any other gasoline price in Ohio!

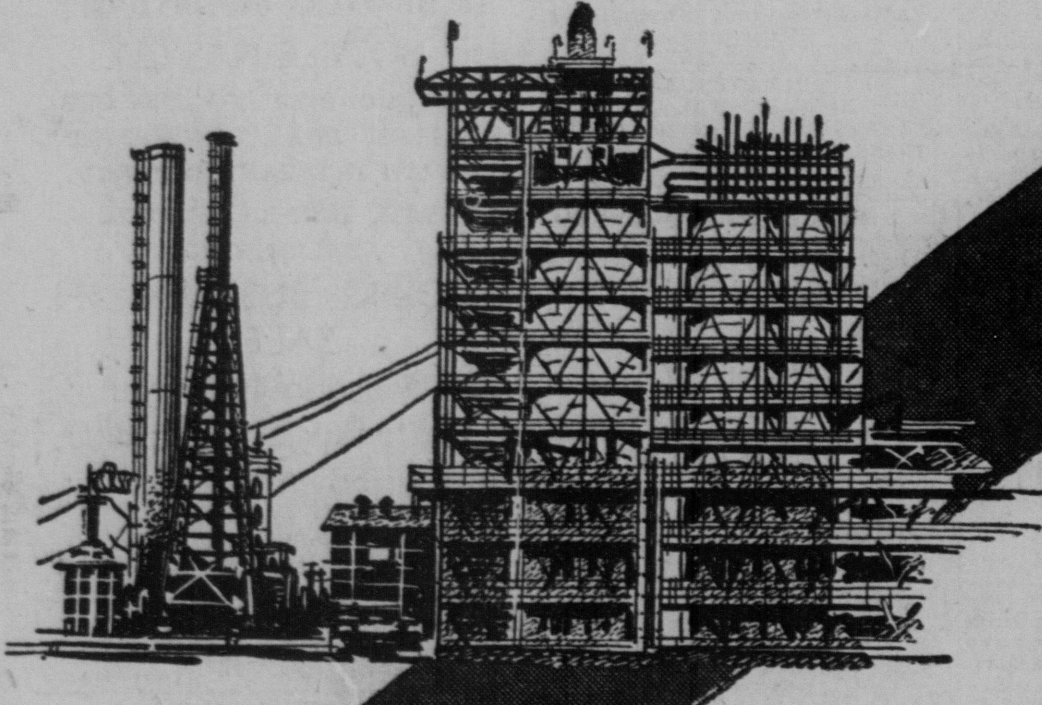

How we kept our promise that the miracle of Sohio's Ex-Tanes for war planes would lead to Ohio's greatest peacetime gasoline!

1 Back when we were making the Ex-tanes that helped give U. S. planes their great advantage during the war, we promised you —“for the Air Forces today, for *you* tomorrow.” Here it is! X-Tane, the greatest gasoline value offered in Ohio!

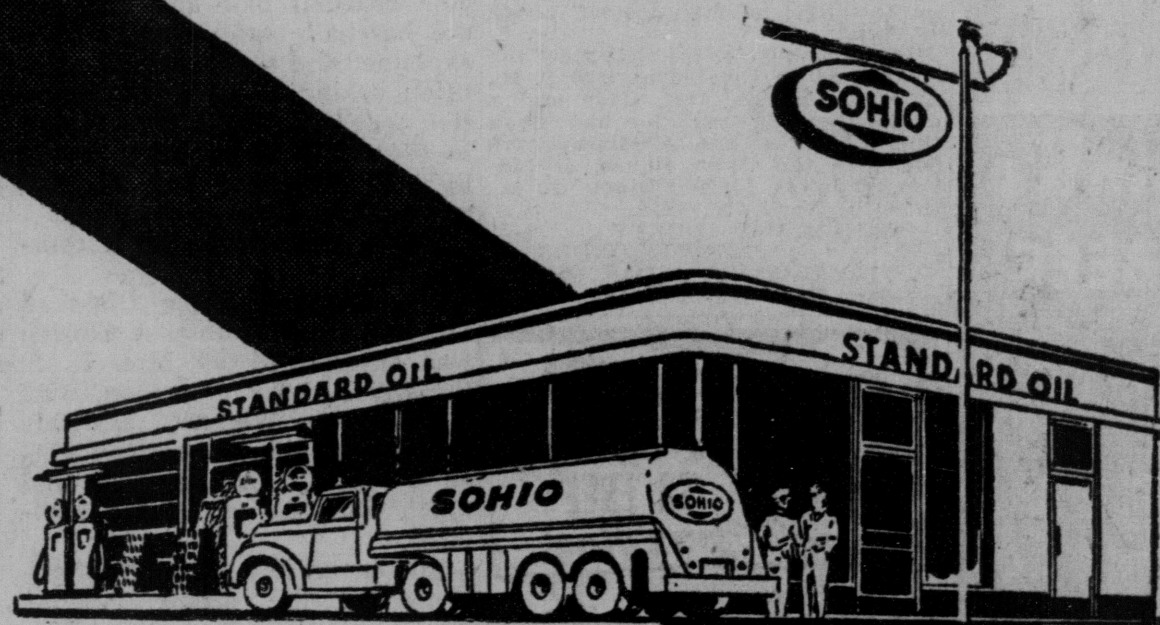

2 We converted all Ohio into one vast refinery . . . Huge Sohio plants were made into one gigantic production unit to produce, this great new gasoline.

3 Tens of millions of dollars went into new refining equipment and into the research that could take place only in laboratories geared to undertake one of the biggest gasoline advancements in Ohio's history.

4 To preserve all the wonderful X-tras of this sensational gasoline for better performance in your car . . . we've made even faster and more efficient the speedy delivery system that rushes gasoline *fresh* to you from Sohio refineries! Here today—at Sohio stations!

Try new X-Tane Today!

“Ohio's Highest Rated Gasoline at Regular Price”
Higher in everything but price

*Good as we've made X-TANE, neither it nor any other regular priced gasoline will completely satisfy a few super sensitive car engines. Today's most advanced high compression cars, and some older cars with engine deposits that increase compression or that have special mechanical problems still require the extra high octane of Sohio Supreme. Let your car's engine tell you which Sohio gasoline you should use. Both are tops in their field! Judge for yourself.

Questions and Answers
Q—Are any natural tunnels used by American railroads?
A—The Natural Tunnel, on the Southern Railway, in southwest Virginia, is believed to be the only natural tunnel in the world used by a railroad. It is 100 feet high, 100 to 175 feet wide, and 1557 feet in length.
